

York Open Studios 2010

Friday April 16 6-9pm

Saturday April 17 2009 10am-6pm

Sunday April 18 2009 11am-5pm

Along with one of our own art teachers, Richard Barnes, who will be exhibiting new work based on York, Yorkshire, London and Paris, Bootham School will once again be hosting 5 other local artists, including a furniture maker, during this annual contemporary art event. Over the weekend, 55 artists around York will be opening their doors to show their latest work, offering an exciting opportunity to talk to the artists and to see how and where they work.

Directories for the event, including artist information and maps, will be available from the school reception after half term, or visit the website to find out more and download a directory:
