

Forum for Parents and Governors, 13 June 2009 at 11.00 at Bootham Senior School

Bootham School policy on sport

The summer term forum for parents and governors will be held at Bootham School on Saturday 13th June at 11.30 in the Hall (coffee in foyer at 11), ending at 12.30.

Last year, the Bootham School Committee (the Governors) decided to initiate a regular forum for parents and governors, to be held twice a year, once at the Junior School and once at the Senior School. The purpose of the Forum is to enable parents and governors to exchange and share ideas about overall philosophies, policies and practices of Bootham School (but not to discuss individual cases and issues).

The Forum on June 13th will follow the same general rules which have been established for previous fora of parents and governors. It will start with a focus on one or two main policies or themes and to invite discussion about these, though that is not meant to preclude the raising of other issues of policy. The theme for the forum on 13th June is Bootham School policy on sport. A copy of the Head's policy essay on that topic was sent to all parents and copies will be available at the forum, or follow this link to view the document http://www.boothamschool.com/documents/SportatBootham_000.pdf

We look forward to seeing you on the 13th June
